In the Matter of)
) Docket No. 5868
 RECOGNIZED SURPLUS LINES,)
) AMENDED ORDER
)
 _____)

This matter was heard on the 28th day of August, 1985, at which hearing testimony was presented regarding the availability of insurance coverage in the admitted and surplus lines markets for taxicabs, child day care centers, adult day care centers, midwives, security guards, police officers, senior citizen centers and transportation of seniors. It appears from a study done by the Department, of which the Director takes notice, that there are a few insurers, including Scottsdale Insurance Company, which will write these coverages. However, the Director concludes the coverage is not procurable from a substantial number of insurers authorized to transact those kinds of insurance.

The Director finds that the list of recognized surplus lines adopted on February 28, 1984, should be amended to include the foregoing coverages.

The Director also finds that the recognition of any surplus line is not an approval of any program or policy which may be offered in the State. It is expected the surplus line business in this State will be transacted consistent with the laws pertaining thereto.

IT IS THEREFORE ORDERED:
